

## Vector Scholarship in Artificial Intelligence (2022-23): Nominee Self-Identification Questionnaire

The Vector Institute is administering this questionnaire to meet its equity, diversity and inclusion objectives through measurement, analysis and planning. We will keep all personal information we collect confidential and not share it broadly within the Vector Institute and will ensure that our reports to funding agencies and other third-parties contain only aggregate information – i.e., information that is unlikely, alone or in combination with other accessible information, to lead to the identification of any individual. Your responses will not be visible to committee members, and will not affect the adjudication of the scholarship except for in the event of a tie-breaking scenario, in which Vector staff will decide to prioritize nominees identifying from under-represented groups.

All nominees are required to complete the questionnaire, which will be submitted by programs in the nomination forms. You are free to select "I prefer not to answer" for any or all questions if you do not want us to use your information as described above. Any questions you have about this self-identification questionnaire may be directed to [aimasters@vectorinstitute.ai](mailto:aimasters@vectorinstitute.ai). Data will be collected and stored in accordance with Vector's privacy policies found at [vectorinstitute.ai/about](https://vectorinstitute.ai/about).

First Name:

Preferred Name (if applicable):

Last Name:

1. Year of Birth:

I prefer not to answer
